The People's Pension Trustee Limited (the Trustee) is pleased to present its seventh annual report, detailing the governance control procedures relating to The People's Pension Scheme (The People's Pension or the Scheme) established by the Trustee of the Scheme that were in place and operating from 1 April 2022 to 31 March 2023.

The Founder of the Scheme is People's Partnership Limited. The People's Pension is governed by a Trustee who is responsible for running the Scheme and looking after all the assets held on behalf of the members. The Trustee appointed People's Administration Services Limited as administrator of the Scheme, which is authorised and regulated by the Financial Conduct Authority.

Throughout this document, People's Partnership Limited is referred to as PPL and the Scheme administrator, People's Administration Services Limited, as PASL. The People's Partnership is a not-for-profit organisation operating for the benefit of its members, with over 80 years' experience providing financial benefits.

The People's Pension is a master trust – a multi-employer workplace pension scheme – founded by Peoples Partnership. As of 31 March 2023, it had more than 6 million members and assets under management of approximately £20 bn, making it one of the largest master trusts in the UK. It is a flexible and portable workplace pension, open to businesses of all sizes from all sectors.

Each master trust must be authorised by the Pensions Regulator (the regulator). The regulator is also responsible for the ongoing supervision and oversight of each master trust to ensure it continues to meet the authorisation criteria. As part of this process, the regulator requires each master trust to complete an annual supervisory return.

In the supervisory return, master trusts must demonstrate that their Trustee Board has oversight of and monitors certain governance activities, arrangements and relevant systems and processes. The Trustee of The People's Pension uses external

assurance over relevant governance procedures so it can help demonstrate to the regulator that these responsibilities have been fulfilled.

For this reporting period and future reporting periods until such time that the framework is updated, the master trust assurance framework developed by the Institute of Chartered Accountants in England and Wales (ICAEW) with representation from the regulator, known as TECH 05/20 AAF, aligns with certain relevant governance control procedures expected by the regulator, and is used by the Trustee as part of its evidence to help demonstrate the operational effectiveness of relevant control activities.

Master Trust Authorisation offers peace of mind for our members and employers through closer ongoing supervision of the Scheme by the regulator. This level of scrutiny means that, as a strong and well-governed master trust, The People's Pension has the controls and oversight in place to help provide financial stability and protection to pension savers.

The Trustee Board meets regularly and has ongoing interaction with the regulator to ensure the Scheme continues to meet its Authorised Master Trust governance obligations.

Trustee

The Trustee Board was incorporated on 30 May 2012. It's entirely independent of People's Partnership and its subsidiary companies, including the Founder. The Trustee acts as the corporate trustee of the Scheme.

Master Trust
Authorisation offers
peace of mind for
our members and
employers through
closer ongoing
supervision of the
Scheme by the
regulator.

Directors of The People's Pension Trustee Limited

The Directors of the Trustee who served during the year and up to the date of signing are listed below.

Steve Delo

Chair of the Trustee (to 30 September 2022)

Steve Delo is the Managing Director of PAN Governance LLP, an award-winning independent trustee firm, and a former President of the Pensions Management Institute. Steve has twice been named 'Independent Trustee of the Year' by Engaged Investor and has been listed as one of the Top 50 people in pensions by Pensions Insight.

His 30-year career has included senior roles in scheme management, consulting, asset management and trusteeship. He now specialises in the governance of large-scale pension arrangements. He is a leading independent trustee who has been sitting on major pension scheme trustee boards for the last 12 years. He currently works with a wide range of occupational defined benefit and defined contribution schemes, serving mostly as chair of trustees and helping to manage assets in excess of £20bn. He sits on three master trust boards – two defined contribution and one defined benefit. He is a Fellow of the Pensions Management Institute.

Mark Condron

Chair of the Trustee (from 1 October 2022)

Mark joined the Board in 2020 and has been selected as the new Chair of the Trustee Board, taking on the role in September 2022. Mark is a professional trustee and actuary and has over 30 years of pensions experience covering all aspects of investment, funding, governance and administration.

During his early career Mark held a number of senior positions with responsibility for pensions advisory and administration businesses. In his advisory work, he has helped many large UK pension funds and companies on all aspects of pension provision and now serves on a number of UK trustee boards, investment and pension scheme governance committees. He is a Fellow of the Institute and Faculty of Actuaries and an Accredited Professional Trustee.

Baroness Jeannie Drake CBE

Trustee Director

Baroness Drake is a former member of the Turner Pension Commission, which recommended the introduction of auto-enrolment. She was also on the Board of the Pension Protection Fund, the Board of The Pensions Advisory Service, and was Acting Chair of PADA, the forerunner of NEST.

She has more than 30 years' experience in the trade union movement, including as President of the Trade Union Congress (TUC) and as member of the Equal Opportunities Commission.

David Butcher

Trustee Director

David has more than 40 years' experience in the pension and investment industry. He has been Chief Executive Officer three times, including at Invesco Perpetual Pensions and both the retail and intermediary divisions of Flemings / Save & Prosper, now part of J.P. Morgan Asset Management.

He is currently a trustee director of the master trust and a member of the independent governance committee at Scottish Widows. Previously, he has worked as a non-executive director of BlackRock Pensions, a trustee director of the Legal & General Master Trust, and the chair of two start-ups in the wellbeing space.

The Directors of the Trustee who served during the year and up to the date of signing are listed below.

Chris Fagan

Trustee Director and Chair of the Investment Committee

Chris is an independent professional Trustee and investment specialist with more than 30 years of pension industry experience. In addition to his role at the People's Pension, he is a trustee at two final-salary pension schemes, one of which he chairs.

Prior to his appointment by The People's Pension, he was a Trustee of the Towers Watson Pension Scheme and worked in Willis Towers Watson's Investment Advisory and Fiduciary Management Teams. He has also led the internal investment team at a major UK pension fund.

Emma Osborne

Trustee Director

Emma's previous pension experience includes being Chair of a defined benefit scheme. She is currently a member of the corporate trustee for three related schemes and an independent member of the investment committee of another scheme.

Prior to this, Emma's career had mainly been in institutional investment management, including positions as Head of Quantitative Investment Management and Derivatives for an asset manager and Chief Investment Officer for the international assets of a US insurance company.

David Maddison

Trustee Director and Chair of the Risk Administration and Communications Committee

David has over 35 years of pension industry experience across multiple functions and worked with RPMI Ltd (now called Railpen) where he fulfilled a number of senior operational roles within the business. He's a fellow of the Pensions Management Institute and has a Law degree.

David's also a Non-Executive Director of Health Shield Friendly Society and serves on the Audit Committee and the Nomination and Remuneration Committee. He is also a Department for Transport nominee on two railway pension schemes.

Alan Pickering CBE

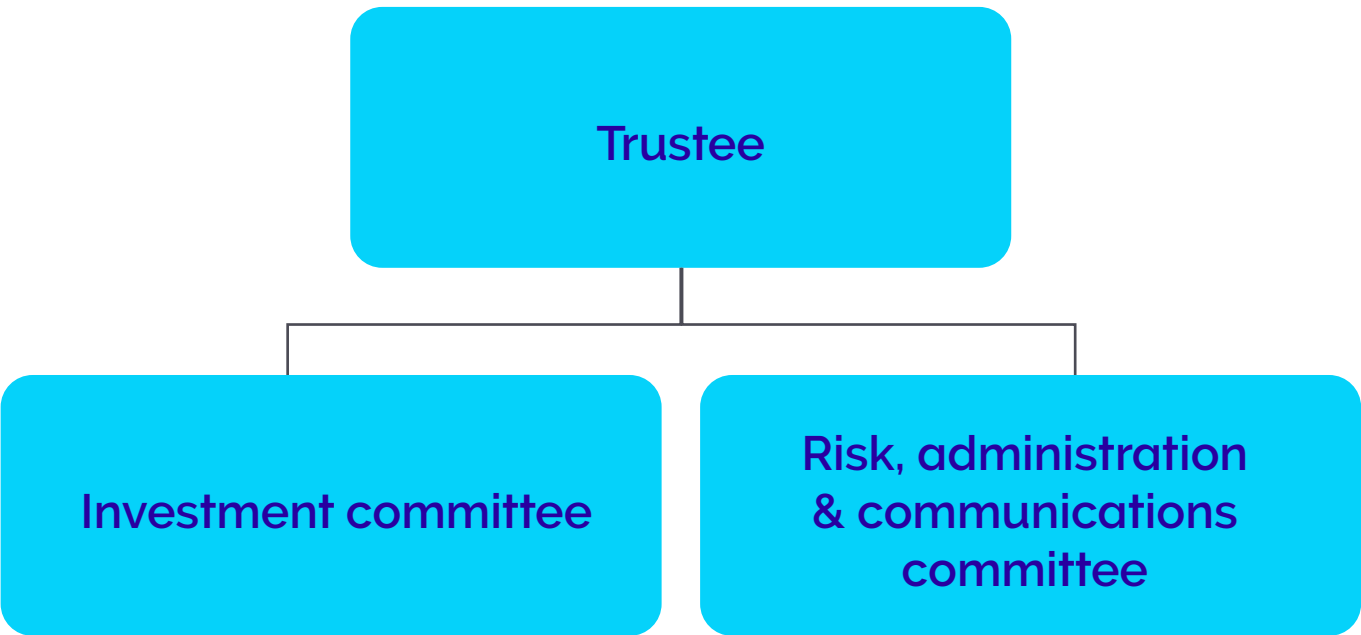

Trustee Director (to 31 March 2023)

Alan Pickering is President of BESTrustees and a Trustee of several pension schemes. He has over 40 years' experience across a wide variety of roles in the pensions industry. He has sat on the boards of a number of important industry bodies, including serving as Chair of the former National Association of Pension Funds (now the Pensions and Lifetime Savings Association).

Introduction

Strong governance is a key feature of The People's Pension. The Trustee operates a detailed governance schedule. It is committed to exceptional customer service and support and providing good value for members.

The Trustee has continued to develop its governance model to ensure that Trustee meetings remain effective and focused on key governance matters. The Scheme's current governance model is shown below:

Duties include:

for the Investment Committee

- Implementing the Scheme's investment strategies subject to appropriate advice
- Reviewing investment performance
- Agreeing asset allocation and maintaining the Statement of Investment Principles

for RACC

Maintaining the Trustee's risk register and mitigate risks

- Monitoring the administrator's performance and service standards
- Reviewing member communications and key Scheme documentation
- Overseeing the audit of the Scheme's Annual Report and Accounts

The quality of the Scheme has been recognised by the awards won by The People's Pension Trustee and People's Partnership Limited as the Founder of the Scheme. Most recently, The People's Pension Trustee won the PMI Pinnacle Award for Innovation in Trusteeship 2022.

Exceptions

From 1 April 2022 to 31 March 2023, the following exceptions were identified (see table below). Management responses to each have been included to demonstrate actions to be taken to address them.

Control objective/control activity	Exception/management response	Trustee action
The RACC reviews the annual benefit statements template in accordance with the Trustee Governance Schedule.	An annual review of the benefit statements had not been scheduled in the Trustee Governance Schedule. The review of previous benefit statements was removed from the governance plan as there was a programme to introduce "simpler statements" These new statements were approved by the Trustee during – 2022/23. The ongoing review of the new simpler benefit statements will continue and be documented as part of the governance plan for 23/24 and beyond and be included in Trustee minutes.	The ongoing review of the new simpler benefit statements will continue and be documented as part of the governance plan for 23/24 and beyond.
PPHL discusses any process changes as a result of audit work with the RACC and the outcome will be documented in the minutes of the RACC meetings.	We were unable to identify in Trustee meeting minutes that confirmed whether PPHL had discussed any process changes as a result of audit work with the RACC. The work recommended by the Internal audit team is discussed at a high level with the Trustee Board at its meetings. Any changes to processes are considered and prioritised by PASL. The Trustee will minute more clearly changes to processes that are discussed and agreed.	The Trustee will minute more clearly changes to processes that are discussed and agreed.
Scheme administration reports submitted to the Trustee Board for review show the results of PASL's sample testing, details of any late payments and any employers reported to the Pensions Regulator for material breaches. In accordance with the Trustee Governance Schedule, the Trustee monitors the timeliness of contributions, PASL sample testing and automated monitoring, through the quarterly Scheme administration reports provided to the Trustee at RACC and Trustee meetings. These reviews are documented in the RACC and Trustee meeting minutes.	Upon inspection of quarterly scheme administration reports we were unable to confirm that they included results of PASL's sample testing. We were unable to confirm from inspecting meeting minutes that the Trustees monitor PASL sample testing. Response for both exceptions. Late payment of contributions is discussed regularly by the Trustee as part of the quarterly administration reporting and sampling is undertaken by PASL on the Trustee behalf. Copies of sampling undertaken have been included in the evidence provided for this control.	The Trustee and RACC meeting minutes will make it clear what sampling has occurred to evidence the Trustee's monitoring of this issue.

Introduction

This report provides information and assurance on the design, description and operation of the governance control procedures in relation to the business operations of the Scheme for providing pension trustee services.

The Trustee has adopted the framework provided by the Audit and Assurance Faculty of the Institute of Chartered Accountants in England and Wales, entitled 'Assurance reporting on Master Trusts Technical Release TECH 05/20'. This type 2 report relates to the period from 1 April 2022 to 31 March 2023.

Report of the Trustee of The People's Pension

As Trustee of The People's Pension, we are responsible for the identification of control objectives relating to the governance of the Scheme, and for establishing governance control activities, including oversight of systems and processes that provide reasonable assurance that the control objectives are achieved. Those control objectives are derived from standards of governance set out in the regulator's DC code of practice and DC guides.

In carrying out those responsibilities, we have regard to member outcomes and value for members and the interest of employers who have entrusted their employees' DC contributions to the Scheme (or are considering doing so). We also have regard to the needs of the regulator, which may use this report to help determine whether certain governance procedures, including oversight of systems and processes relevant to Scheme supervisory requirements, have been met and have been subjected to independent scrutiny.

We have evaluated the effectiveness of the Scheme's governance control activities, including oversight of systems and processes, having regard to ICAEW's TECH 05/20 AAF and the control objectives set out therein.

We set out in this report a description of the relevant governance control activities, including oversight of systems and processes established by the Trustee, together with the related control objectives that operated from 1 April 2022 to 31 March 2023 and confirm that:

- a) Section 5 of the Trustee's report fairly describes the governance control activities established by the Trustee that relate to the control objectives referred to above, which were in place throughout the period from 1 April 2022 to 31 March 2023.
- b) The governance control activities described in section 5 of the Trustee's report were suitably designed throughout the period from 1 April 2022 to 31 March 2023, such that there is reasonable assurance that the specified control objectives would be achieved if the described governance control activities were complied with satisfactorily.

- c) The governance control activities described were operating with sufficient effectiveness to provide reasonable assurance that the related control objectives were achieved throughout the period from 1 April 2022 to 31 March 2023.

Signed on behalf of the Trustee:

Mark Condron
Chair of The People's Pension Trustee Limited

Date: 22/06/2023

Independent Service Auditor's assurance report on governance control activities established by the Trustees of Master Trusts.

To the Trustee of The People's Pension.

Independent Service Auditor's assurance report on governance control activities established by the Trustees of Master Trusts.

To the Trustee of The People's Pension.

Use of report

Our report, subject to the permitted disclosures set out below, is made solely for the use of the Trustee of The People's Pension ("the Trustee") and solely for the purpose of reporting on the governance control activities established by the Trustee, in accordance with the terms of our engagement letter dated 31 August 2022 attached in the Appendix.

Our work has been undertaken so that we might report to the Trustee those matters that we have agreed to state to it in our report and for no other purpose.

We permit the disclosure of our report, in full only, to verify to the recipient that a report by a Service Auditor has been commissioned by the Trustee and issued in connection with the governance control activities established by the Trustee without assuming or accepting any responsibility or liability to the recipient on our part.

To the fullest extent permitted by law, we do not and will not accept or assume responsibility to anyone other than the Trustee as a body for our work, for our report or the opinions we have formed.

Scope

We have been engaged to report on the description of governance control activities including oversight of systems and processes established by the Trustee throughout the period from 1 April 2022 to 31 March 2023 and on the suitability of the design and operating effectiveness of those governance control activities stated in the description.

Trustee responsibilities

The Trustee's responsibilities and statements are set out in section 2 of the Trustee's report. The control objectives stated in the description include those control objectives set out in TECH 05/20 AAF that are considered relevant by the Trustee.

Our responsibilities

Our responsibility is to form an independent opinion, based on the work carried out in relation to the governance control activities established by the Trustee as described in section 5 of the Trustee's report and report this to the Trustee. We conducted our engagement in accordance with International Standard on Assurance Engagements (ISAE) 3000 (Revised) and with TECH 05/20 AAF. ISAE 3000 (Revised) and TECH 05/20 AAF require, among other things, that we comply with ethical and other professional requirements.

We plan and perform our procedures to obtain reasonable assurance about whether, in all material respects, the description is fairly presented and the governance control activities were suitably designed and operating effectively. The criteria against which the governance control activities were evaluated are the control objectives developed for Master Trusts as set out within TECH 05/20 AAF and identified by the Trustee as control objectives to be applied for the purpose of governance.

Our work involved performing procedures to obtain evidence about the presentation of the Trustee's description of the governance control activities including oversight of systems and processes and the design and operating effectiveness of those governance control activities. Our procedures included assessing the risks that the description is not fairly presented, and that the governance control activities were not suitably designed or operating effectively.

Our procedures also included testing the operating effectiveness of those governance control activities that we considered necessary to obtain reasonable assurance that the control objectives stated in the control description were achieved. An assurance engagement of this type also included evaluating the overall presentation of the description and the suitability of the control objectives stated therein.

Our independence and quality control

We have complied with the independence and other ethical requirements of the 'Code of Ethics for Professional Accountants' issued by the International Ethics Standards Board for Accountants which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

The firm applies International Standard on Quality Control 1 and accordingly maintains a comprehensive system of quality control, including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Inherent limitations

The Trustee's description of governance control activities including oversight of systems and processes was prepared to meet the common needs of a broad range of users and may not, therefore, include every aspect of the governance control activities that may be relevant to each employer company or member of the People's Pension. Also, because of their nature, governance control activities may not prevent or detect and correct all errors or omissions in performing governance activities.

Our opinion is based on historical information. The projection of any evaluation of the fairness of the presentation of the description, or opinion about the suitability of the design or operating effectiveness of the control activities and systems and processes to future periods would be inappropriate.

Opinion

In our opinion, in all material respects:

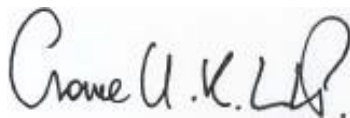

- (i) section 5 of the Trustee's report fairly presents the governance control activities established by the Trustee that relate to the control objectives referred to above which were in place throughout the period from 1 April 2022 to 31 March 2023;
- (ii) the governance control activities established by the Trustee described in section 5 of the Trustee's report were suitably designed to provide reasonable,

but not absolute, assurance that the specified control objectives would have been achieved if the described governance control activities operated effectively throughout the period from 1 April 2022 to 31 March 2023; and

- (iii) the governance control activities established by the Trustee that were tested were operating with sufficient effectiveness to provide reasonable, but not absolute, assurance that the related control objectives were achieved the throughout the period from 1 April 2022 to 31 March 2023.

Exceptions to operating effectiveness

Without qualifying our opinion, we draw your attention to the matters explained in the section 1. Introduction (under the Exceptions) concerning the exceptions to operating effectiveness noted with respect to the control activities tested.

3. A documented review of the suitability of the default arrangement(s) and range and risk profile of other investment options is undertaken and approved by the Trustee Board.	The Trustee, in conjunction with an authorised and regulated investment adviser, regularly reviews the suitability of the Scheme's investment funds and profiles.	The design and on-going suitability of the default arrangement and range and risk profile of other investment options are reviewed and monitored in accordance with the Trustee Governance Schedule.	We obtained and inspected the Trustee Governance Schedule to confirm that a review of the design and on-going suitability of the default arrangement and range and risk profile of other investment options is scheduled. No exceptions noted.
	The Trustee has taken professional advice from the current investment adviser on the default arrangement, and on the range and risk profile of other investment options available to members. The investment adviser also provides advice to the Trustee on an ad-hoc basis, as and when requested.	This review is documented in meeting minutes, including decisions for making changes to investment options.	We obtained and inspected Trustee meeting minutes to confirm that a review of the design and on-going suitability of the default arrangement and range and risk profile of other investment options has been undertaken. No exceptions noted.
	The Trustee has established a sub-committee, the Trustee Investment Committee, which has responsibility for the monitoring of: <ul style="list-style-type: none">• member behaviours, identifying trends and recommending future strategy• developments within the market• setting asset allocation.	Changes to be made to the default arrangement and range of other investment options are formally managed through a documented plan.	We obtained and inspected Trustee meeting minutes to confirm that changes to investment options have been considered and recorded.
	The Trustee decided that the Trustee Investment Committee would be chaired by Mr Alan Pickering, and would comprise of a minimum of three Trustee directors.		Note – It has been confirmed by management that there were no changes to the investment options in the period. No exceptions noted. Where changes are made to the default arrangement and range of other investment options, we obtained and inspected the documented plan and Trustee meeting minutes to confirm that changes have been recorded and documented. Note - A documented plan is only required if changes to the default strategy and range of other investment options are made. A review of the strategy was undertaken but no changes were made. No exceptions noted.

4. The Trustee Board undertakes a documented review of the Statement of Investment Principles. This review includes consideration of investment objectives and policies for the default arrangement(s) and all other investment options.	The Trustee, in conjunction with an authorised and regulated investment adviser, formally reviews the suitability of the funds and the SIP.	The IC will review the SIP following any changes to the investment strategy, policies or arrangement. This review will take place a minimum of once every three years. Any changes agreed by the IC, will be supported by advice from the Trustee's investment advisers and must be approved by the Trustee Board.	We obtained and inspected IC meeting minutes to confirm that a review of the SIP has been undertaken and Trustee Board meeting minutes to confirm that changes to the SIP have been approved. Note – A SIP review was not scheduled for the period 2022/2023. The next review is due for the period 2023/24. No exceptions noted. Through enquiry and inspection, we confirmed that any changes to the SIP are supported by advice from investment advisers. Note – A SIP review was not scheduled for the period 2022/2023. The next review is due for the period 2023/24. As a result, no changes have been made to SIP during this reporting period. No exceptions noted.
	Responsibility for the day-to-day management of all Scheme investments falls within the Finance Department's remit (including overseeing any changes where an amendment to the Statement of Investment Principles ('SIP') is required).		
	The Compliance Team are responsible for notifying TPR of any significant event on behalf of the Trustee. The requirement for the Regulatory Compliance Team to notify TPR of any changes in the SIP is documented within the 'Updates to Statement of Investment Principles' flowchart and corresponding 'T1 Review of Statement of Investment Principles' procedure document owned by the 'Clients & Governance' Team within the Finance Department.	The Trustee includes the investment aims and objectives, and policies for investment options in the SIP.	We obtained and inspected the SIP to confirm that it included the investment aims and objectives, and policies for investment options. No exceptions noted.

The Trustee directors also agreed to notify PPHL and other Trustee directors if they became aware of any such conflict during their appointment. In their letters of engagement, service providers are asked to inform the Trustee of any conflict of interest that may arise as soon as reasonably possible. The Trustee has a policy for working practices between the Trustee, Scheme strategist and the Scheme funder. This includes Scheme funder and/or Scheme strategist conflicts of interest. 20. The Trustee Board monitors and reviews IT systems.	<p>PPHL has established robust processes and controls for the effective development, management and maintenance of the IT systems that support The People's Pension. In accordance with the Trustee Governance Schedule, the Group Chief Information Officer provides the Trustee with a report at RACC meetings which summarises the performance of the IT Infrastructure and the IT function more generally in the period and draws out specific issues to bring to the attention of the Trustee. IT Security forms a focus of these updates and discussions.</p> <p>Monitoring the maintenance and development of systems: All electronic data at PPHL is held in an on-premises data centre. The data centre complies with generally accepted industry best practice for such arrangements, including access control, monitoring and logging, temperature and humidity control and inert gas fire suppressant systems. PPHL has established practices for capturing, evaluating and applying security patches across the ecosystem. Security weaknesses in the underlying vendor software are announced to the licences of software along with the associated patches (fixes) to address the security weakness. Each announcement is evaluated by the security team at PPHL, impact assessed, and conclusion reached as to the exposure that is created. Patches are then prioritised for implementation based on this assessment. PPHL test the patches in the Model Office test environment for 2 weeks before applying them to their core site servers, web servers and half of the end user systems. The following weekend, PPHL secure site in Milton Keynes is updated along with the remaining user systems. Critical patches addressing high vulnerability weaknesses may be fast-tracked after specific testing if required. PPHL use software auditing solutions to ensure systems are maintained at the up-to-date patch state.</p>	<p>In accordance with the Trustee Governance Schedule, the PPHL Chief Information Officer provides a report (written / verbal) at RACC meetings which includes PPHL IT matters related to:</p> <ul style="list-style-type: none">• systems and data security• physical and logical access to computer systems.• monitoring of operations implemented to support the security of data transmissions• measures implemented to mitigate the threat of malicious cyber-attack are regularly reviewed and documented. <p>The output from these reports is discussed at RACC quarterly meetings. The RACC then reacts to reports when weaknesses or issues are identified in relation to aspects of IT functionality and considers the implication of these matters before agreeing what remedial action or next steps should be taken by PPHL on the Trustee's behalf.</p> <p>Separate reports are received by the Trustee Board from the Scheme Strategist, CEO with general commentary on IT developments, and a further report from PPHL on disaster recovery.</p>	<p>We obtained and inspected RACC meeting minutes to confirm that a review of the report (written / verbal) provided by the PPHL Director of IT has been undertaken. 20. The Trustee Board monitors and reviews IT systems.	<p>Protection against viruses: As part of its Data protection policy, PPHL uses encryption capability to protect the contents of files being transmitted via email. End users are trained in this functionality and the IT acceptable use policy mandates the encryption of sensitive data. PPHL has an intrusion prevention system deployed to counter the threat from malicious activities on its perimeter UTM Firewall. This is a component of PPHL firewall, from a leading provider, protecting the internal systems, in-house hosted website and mail server from unauthorised access from the internet. PPHL has also deployed a next generation antivirus and Endpoint Detection and Response (EDR) solution to all servers, laptops and desktops. Event data from each endpoint is collected centrally and feeds PPHL security operations centre (SOC) enabling a richer view of the network as a whole. Virus definitions are downloaded regularly to the server and on first boot of end user computers and regularly thereafter. Further protection is afforded by the EDR that runs on each computer to enable quarantining of a device with anomalous behaviour, mitigating the risk of further infection whilst forensic examination takes place. Security monitoring systems are in place and the definitions to these systems are regularly updated and monitored by PPHL IT function. PPHL operates a secure corporate Wi-Fi network that restricts use to company equipment only, which is secured through the use of digital certificates. A further guest Wi-Fi network is made available for personal use for staff and visitors and to segregate this non-business traffic from PPHL internal network. PPHL has partnered with a security information and event management (SIEM) cyber security system provider that offers 24/7 monitoring and assurance from a centralised security operations centre (SOC). PPHL engages leading IT security specialist firms to carry out regular IT penetration testing. These tests are performed internally and externally to provide assurance that PPHL's systems and network are protected against known vulnerabilities. PPHL has an active network discovery tool that identifies all assets on the network and scans them comprehensively to identify vulnerabilities. This vulnerability data is compared against real-time external threat intelligence feeds in PPHL risk platform. Risk based vulnerability management decisions prioritise PPHL update management schedule to remediate the most important risks to PPHL business.</p>	<p>Regulatory assurance reports cover breaches in IT protocols. These reports are presented to the RACC at different times throughout the year and discuss the contents and agree appropriate actions or next steps with PPHL acting on their behalf.</p> <p>Regulatory assurance reports and reviews are recorded in the RACC or Trustee Board meeting minutes.</p>	<p>We obtained and inspected a sample of regulatory assurance reports to confirm they include any breaches in IT protocols. No exceptions noted.</p> <p>We obtained and inspected meeting minutes to confirm that a review of regulatory assurance reports, which includes breaches in IT protocols, has been undertaken by the RACC. 20. The Trustee Board monitors and reviews IT systems.	<p>Physical & logical access to systems and member/scheme data:</p> <p>PPHL locations are protected by a combination of security measures which can include CCTV systems providing 24-hour security monitoring, a 24-hour guard, electronic-card operated barrier access, electronic card-based door access and also alarms. The DR infrastructure is sited in an EE datacentre which conforms to a high level of security protection commensurate with a data centre of this scale and significance. Access to the servers and network equipment is monitored in all locations by movement detected video recording that triggers alerts to IT staff when activated.</p> <p>PPHL administrators are allocated usernames and a password is required to access servers, PCs and other network devices. These passwords expire under pre-set conditions and users are prompted to change them. The system requires best practice from users in relation to setting passwords. Active directory permissions segregate levels of access and VLAN security is in place. Role based administration is in place within the IT teams and physical floor ports are protected by network access control.</p> <p>User functionality within PPHL in-house system is restricted using appropriate permissions. Functional groups of users are maintained, each with appropriate levels of access permissions based upon their job function.</p> <p>Only authorised IT administrators can define users and user group policies, rights and permissions, which are enforced by the system. Updates to system records have an audit trail, showing the user ID, date and timestamp.</p> <p>PPHL has an intrusion prevention system deployed to counter the threat of unauthorised access from the internet. This is a component of PPHL firewall protecting its internal systems, in-house hosted website and mail server. PPHL has also engaged a leading IT security specialist firm to carry out regular IT security testing.</p> <p>To access server and network devices from remote locations, a secure connection to PPHL firewall using a network logon account is required, as well as having remote access enabled by PPHL IT department. This is all controlled using Windows Active Directory security.</p> <p>Reusable components such as memory disks have data erased in-house. Non-recyclable components, such as hard disks, are destroyed on-site using a specialist waste company's wrecking equipment to render the components inoperable.</p> <p>Physical access to server rooms is restricted to authorised IT personnel and a video monitoring system records all access events.</p>

20. The Trustee Board monitors and reviews IT systems.	<p>Disaster recovery, business continuity & systems back up:</p> <p>The People's Pension Scheme member and employer customer records are held on PPHL in-house IT systems. These records are also replicated at its Disaster Recovery (DR) site, and additional data backups are also remotely stored in fireproof safes at a secondary site.</p> <p>The DR site is operated by a specialist provider in data and recovery centres who adhere to multiple ISO standards including ISO27001. PPHL replicates its transactional SQL Server data via its dedicated secure internet link to the DR site with "Always on" replication in an availability group. This replication ensures that PPHL disaster recovery database is in step with that of the primary database at its in-house location. The same approach is taken for PPHL corporate files and folders using a Distributed File System (DFS) for replication across all sites.</p> <p>PPHL utilises Veeam Backup & Replication software to support with the Scheme's data protection and disaster recovery requirements. All core application systems and associated data within PPHL data centres is stored on servers with RAID disk systems which has built in resiliency. PPHL have a SAN which is mirrored and there is no disruption should one of the servers fail. RAID will automatically manage any failures in the event of hardware failure, thus providing resilient data storage.</p> <p>Additional data backups are taken at the end of each business day. Data is backed up to PPHL DR site where it is stored on the local SAN. It is then transferred to encrypted tapes.</p> <p>PPHL IT Department regularly test the core application systems and associated databases for business recoverability and follow documented procedures and checks.</p> <p>Each of PPHL business areas have their own individual Business Continuity Plan, detailing the steps each area will take following an incident, to return to 'business as usual' in the quickest possible time. These plans are reviewed every 6 months and are stored on an electronic information software system. PPHL has a Corporate Business Continuity plan, which outlines how it will respond at a strategic level to a major incident, such as a premises closure. This includes the structure and responsibilities of PPHL crisis management team.</p> <p>PPHL regularly tests its business continuity and disaster recovery capability by operating the application systems from its DR site which is located away from the PPHL offices.</p> <p>The business recovery exercises are set up and co-ordinated by the business continuity function, which sits in the second line of defence governance model. The test is performed by the PPHL IT department in conjunction with business owners.</p> <p>A technical test of Disaster recovery systems was completed in April of 2023, a small number of minor issues were identified which are being rectified.</p>

21. The capacity to take on new business is assessed, approved and regularly monitored by the Trustee Board.	The Trustee in conjunction with PASL / PPHL regularly reviews the capacity of the systems and resources in place. The Trustee receives quarterly reports from the Scheme Strategist and administrator with details and forecast expectations around any planned changes or needs to meet their requirements for scheme design, capacity and resource planning.	In accordance with the Trustee Governance Schedule the Trustee and RACC review the capacity of the systems to take on new business and these tasks are assessed, approved and regularly monitored by the RACC and the Trustee Board.	We obtained and inspected Trustee meeting minutes to confirm that the Trustee and RACC have undertaken quarterly reviews of the capacity of the systems to take on new business in accordance with the Trustee Governance Schedule. No exceptions noted.
		These reviews are documented in the quarterly RACC and Trustee Board meeting agendas and minutes.	We obtained and inspected the Scheme Strategist/ Funder reports and administration reports to confirm they address PPHL capacity and meeting minutes to confirm these reports have been reviewed by the RACC. No exceptions noted.
		The Trustee monitors PPHL capacity through the Scheme Strategist/Funder reports and administration reports provided to the Trustee at RACC and Trustee Board meetings.	We obtained and inspected the Scheme Strategist/ Funder reports and administration reports to confirm they included details about IT Platform activity and Scheme membership movements and statistics. No exceptions noted.
		These separate reports include details about IT Platform activity and Scheme membership movements and statistics.	We obtained and inspected the proposals about changes to the proposition received from the Strategist, Funder or administrator to confirm they are in place. No exceptions noted.
		The Trustee considers and approves proposals about changes to the proposition where appropriate received from the Strategist, Funder or administrator and this is documented in Trustee Board or RACC meeting minutes.	We obtained and inspected RACC meeting minutes to confirm that a review of proposition proposals has been undertaken. No exceptions noted.

22. Signed administration agreements are in place with service providers and include provisions for the rectification of maladministration. The agreements are approved by the Trustee Board.	The provisions, roles, responsibilities and source of funds for resolving errors that impact members are documented within the Trustee's and PPHL's 'Administration Services Agreement in relation to the People's Pension Scheme' (the 'Agreement') dated 30 May 2022. This Agreement includes a detailed list of all the services PASL and PPHL provide the Trustee. This Agreement lists roles and responsibilities relating to administration services to be provided to the Trustee. The Agreement focuses on the delivery of administration related services to the Trustee, it also addresses Governance, Investment and IT service delivery. A new Administration Agreement (FSA) was signed off by all parties on 30 May 2022. This replaces the 2018 document. This suite of documents includes a Framework Services Agreement, Funding Documentation, a supporting Ways of Working document and has also resulted in updating the Scheme Trust Deed & Rules.	A signed administration Agreement is in place which includes provisions, roles, responsibilities and source of funds for resolving error that impact members.	We obtained and inspected the signed administration agreement to confirm in place. No exceptions noted.
		The Trustee receives a report at its quarterly Trustee Board and RACC meetings from the PPHL Compliance Team that confirms details of any regulatory breaches / near misses and proposals whether such matters should be reported to TPR under code of practice 1. The Trustee discusses this report and agrees any reporting to TPR by PPHL on its behalf.	We obtained and inspected the signed administration agreement to confirm it includes provisions, roles, responsibilities and source of funds for resolving errors that impact members. No exceptions noted.

The Trustee works with its administrator PASL to ensure it has systems and procedures in place for processing core Scheme transactions which provide assurances that related income and expenditure are completely and accurately processed in a timely manner and recorded in the proper period.	In accordance with the Trustee Governance Schedule and the Framework Services Agreement, the Trustee monitors PASL administration of core financial transactions. This is reviewed at quarterly RACC and Trustee meetings and documented in the RACC and Trustee meeting agendas and minutes.	We obtained and inspected the Framework Services agreement to confirm that it addresses core financial transactions. No exceptions noted.
	PPHL internal audit function provides the Trustee with a report at Trustee meetings summarising the internal audit work conducted during the reporting period in relation to The People's Pension. Going forward, the internal audit function will be formalising the arrangements under the Framework Services Agreement.	The Trustee reviews the performance of the processing of core financial transactions through the Scheme administration reports provided to the Trustee at RACC and Trustee meetings. These reports show PASL performance against the service levels agreed with the Trustee.	We obtained and inspected the quarterly Scheme administration reports to confirm they include PASL performance against the service levels. No exceptions noted.
	This will allow the internal audit function to agree audit requirements with the Trustee (which will include an option for them to request additional work in excess of The Pension Regulator's expectations).	A more detailed MI report has been agreed between the Trustee and PASL to ensure that the information specified by the Trustee in relation to all relevant tasks where SLAs are in place is included in Scheme administration reports.	We obtained and inspected Trustee meeting minutes to confirm that a review of quarterly Scheme administration reports has been undertaken. No exceptions noted.

25. The Trustee Board ensures that member retirement options selected are processed and managed in accordance with documented procedures.	<p>The Trustee has delegated the process of managing the retirement process to its Scheme Administrator PASL. The Trustee reviews processes from time to time during discussions at the RACC or Trustee Board meetings when appropriate. The retirement option process was reviewed as part of the Master Trust Authorisation process and this was documented in the Crowe LLP AUP report paragraph. Changes to the retirement process were last applied in August 2022 after review by the Trustee. During the first half of 2022/23 sample checking of retirement processes was carried out by the PPHL risk and regulatory team on behalf of the Trustee and discussed with the Trustee Board at its meeting on 22 September. Details of the retirement process are found in the member booklet and sections of the TPP website. PASL maintains a documented set of procedures and controls in place for managing the retirement process. The retirement process and options available at retirement are documented on The People's Pension website at: www.thepeoplespension.co.uk/employees/your-retirement</p>	<p>Retirements are managed in accordance with a documented process which has been reviewed and approved by the Trustee. 27. The Trustee Board ensures that late and inaccurate contributions are pursued and resolved in accordance with documented procedures. Late contributions are reported to the trustee.	<p>PPHL has procedures in place for the monitoring and resolution of late and inaccurate contributions. This includes validation checks on the payroll data submitted by employers designed to help reduce inaccurate contributions. The Trustee has reviewed PASL procedures for monitoring the payment of contributions in accordance with The Pensions Regulator's Code of Practice No.5 - Reporting late payment of contributions to occupational pension schemes. The Trustee had identified scenarios which could result in a higher risk of material payment failure and approved PASL manual testing of a sample of payroll data from each risk scenario identified. The Trustee then reviewed the PASL sample testing at quarterly RACC meetings, and this is documented in the RACC meeting agendas and minutes. The Trustee Board has approved an updated version of PASL's automated monitoring of contribution underpayments and a new reporting process. The PPHL internal audit function provides the Trustee with a report at Trustee meetings summarising the internal audit work conducted during the reporting period. Dear Sirs

This letter sets out the basis on which we shall be pleased to act for you and includes your and our respective responsibilities.

Under 'Other Matters' below, we set out our maximum legal liability. This letter is subject to the annexed Terms of Business and these include other important details, including provisions that further limit the amount of our liability in certain circumstances. Please read this letter and the Terms of Business carefully, and raise with me any questions that you might have.

1. Scope of our work

1.1 You have asked us to act as Service Auditor to deliver services to you in connection with the governance control activities established by the Trustee of The People's Pension ("the Master Trust") for the period from 1 April 2022 to 31 March 2023 (the Specified Period).

2. Responsibilities of the Trustee

2.1 The Trustee of the Master Trust ("the Trustee") in relation to which the Service Auditor's assurance report is to be provided is and shall be responsible for the design, implementation and operation of governance control activities at the Master Trust. The Trustee's responsibilities are and shall include:

- acceptance of responsibility for governance control activities;
- evaluation of the effectiveness of the governance control activities established by the Trustee using suitable criteria; and
- supporting its evaluation with sufficient evidence, including documentation.

2.2 The Trustee acknowledges and accepts its responsibility for providing a written statement ("the Trustee's Report") about whether in all material respects, and based on suitable criteria:

- The Trustee's Report describes fairly the governance control activities established by the Trustee that relate to control objectives which were in place throughout the Specified Period;
- The governance control activities described were suitably designed throughout the Specified Period such that there is reasonable assurance that the specified control objectives would be achieved if the described governance control activities were complied with satisfactorily; and
- The governance control activities described were operating with sufficient effectiveness to provide reasonable assurance that the related control objectives were achieved during the Specified Period.

2.3 This written statement will be included in, or attached to, the Trustee's description of the Trustee's governance control activities in the Trustee's Report and provided to user entities as part of the final Trustee's Report issued by the Trustee.

2.4 In drafting this report the Trustee has regard to, as a minimum, the criteria specified within TECHNICAL RELEASE TECH 05/20 ASSURANCE REPORTING ON MASTER TRUSTS issued by the Institute of Chartered Accountants in England and Wales.

3. Responsibilities of Service Auditors

3.1 It is our responsibility to form an independent opinion, based on the work carried out in relation to the governance control activities established by the Trustee as described in the Trustee's Report and report this to the Trustee.

4. Scope of the Service Auditor's work

4.1 We conduct our work in accordance with the procedures set out in TECHNICAL RELEASE TECH 05/20 ASSURANCE REPORTING ON MASTER TRUSTS. Our work will include enquiries of key individuals at the Master Trust.

4.2 In reaching our conclusion, the minimum criteria against which the governance control activities are to be evaluated are the control objectives developed for assurance reporting on Master Trusts as set out within TECHNICAL RELEASE TECH 05/20 ASSURANCE REPORTING ON MASTER TRUSTS, together with additional governance control activities as considered appropriate

4.3 Any work already performed in connection with this engagement before the date of this letter will also be governed by the terms and conditions of this letter.

4.4 We may seek written representations from the Trustee in relation to matters on which independent corroboration is not available. We shall seek confirmation from the Trustee that any significant matters of which we should be aware have been brought to our attention.

4.5 Our objective will be to conduct an examination that will include procedures to obtain reasonable assurance, in all material respects and based on suitable criteria, to enable us to express an opinion as to whether:

- The Trustee's Report fairly presents the governance control activities established by the Trustee that relate to the control objectives specified in the Trustee's Report which were in place throughout the Specified Period;
- The governance control activities established by the Trustee described in the Trustee's Report were suitably designed to provide reasonable, but not absolute, assurance that the specified control objectives would have been achieved if the described governance control activities operated effectively throughout the Specified Period; and
- The governance control activities established by the Trustee that were tested were operating with sufficient effectiveness to provide reasonable, but not absolute, assurance that the related control objectives were achieved throughout the Specified Period.

4.6 In conducting our work we will examine on a test basis, evidence supporting the Trustee's description of controls, including the operating effectiveness of the related controls, and perform other procedures as we consider necessary in the circumstances to provide a reasonable basis for our report. Our examination will not include other systems, controls, operations or services not specified herein including internal control at user organisations and, accordingly, we will express no opinion on such items.

5. Inherent limitations

- 5.1 The Trustee acknowledges that governance control activities designed to address specified control objectives are subject to inherent limitations and, accordingly, errors or irregularities may occur and not be detected. Such activities cannot guarantee protection against fraudulent collusion especially on the part of those holding positions of authority or trust. Furthermore, the opinion set out in our report will be based on historical information and the projection of any information or conclusions in our report to any future periods will be inappropriate.

6. Use of our report

- 6.1 Our report will, subject to the permitted disclosures set out in paragraph 6.3 below, be made solely for the use of the Trustee and solely for the purpose of reporting on the governance control activities established by the Trustee, in accordance with these terms of our engagement.
- 6.2 Our work will be undertaken so that we might report to the Trustee those matters that we have agreed to state to it in our report and for no other purpose.
- 6.3 We permit the disclosure of our report, in full only, to verify to the recipient that a report by the Service Auditor has been commissioned by the Trustee and issued in connection with the governance control activities established by the Trustee without assuming or accepting any responsibility or liability to the recipient on our part.
- 6.4 To the fullest extent permitted by law, we do not and will not accept or assume responsibility to anyone other than the Trustee as a body for our work, for our report or for the opinions we will have formed.

OTHER MATTERS

7. Limitation of liability

- 7.1 Our aggregate liability in respect of all claims by you under or in connection with this Contract shall be limited to the amount of £1,000,000. This limit shall apply to any and all causes of action against us in respect of or arising from or in any way connected with our engagement by you. However, we never seek to exclude or restrict our liability to the extent that we cannot do so by law for any reason, or any liability for our fraud or dishonesty. If you wish to discuss this or other provisions before we carry out work for you, please let us know.

8. Fees

- 8.1 Our fees are calculated on the basis of the time spent on your affairs by the partners and staff and on the levels of skill or responsibility involved and will be billed at approximately monthly intervals during the course of our work and once a particular assignment has been completed. The amount of our fee to provide Type 2 Service Auditor assurance services will be agreed with you annually. We shall charge in addition any disbursements and VAT, and reserve the right to charge interest on unpaid bills and suspend work until they are paid.
- 8.2 You undertake to ensure that our bills are settled in accordance with the attached statement of our terms of business "Terms and Conditions".
- 8.3 If we need to do work outside the responsibilities outlined in our engagement letter, we will advise you in advance. This will involve additional fees. Accordingly it is in your interest to ensure that your records and information requirements are completed at the agreed stage.

9. Terms of Business

- 9.1 The Terms of Business accompanying this letter contain further information about the basis on which we will be pleased to carry out work for you. In the event of a conflict between the Terms of Business and what is set out in this letter, this letter will prevail.

10. Confirmation of your agreement

- 10.1 Please let me know if you have any questions in relation to this letter and the Terms of Business. If you are content with them, then would you please confirm your agreement by signing and returning one of the enclosed copies.
- 10.2 If I do not hear from you regarding this letter but it is clear that you wish us to proceed with the work, then this letter and the Terms of Business will govern the terms of our engagement.

Yours faithfully

Crowe U.K. LLP

AGREEMENT OF TERMS

I acknowledge receipt of this letter, which together with the Terms of Business fully records the agreement between us concerning your appointment to carry out the work described in it.

TERMS OF BUSINESS

1. Definitions

- 1.1 In these Terms of Business and any associated engagement letter:
- 1.1.1 "We" means Crowe U.K. LLP, and shall include any successor or assignee;
- 1.1.2 "You" means the person or company with whom the Contract is agreed and that is named as such in the engagement letter;
- 1.1.3 "Contract" means the terms of engagement agreed between Crowe U.K. LLP and you to which these terms of business relate and into which they are incorporated;
- 1.1.4 "Services" means the services we agree to provide you with under the Contract, as set out in the engagement letter.

2. Limitation of liability

- 2.1 We never seek to exclude or restrict our liability for our fraud or dishonesty, or otherwise to the extent that we cannot do so by law for any reason.
- 2.2 We accept that we owe you a duty of care to provide the Services with reasonable skill and care, regardless of whether the people we decide to use are members or employees (who may also be described as "partners") of Crowe U.K. LLP or agents or sub-contractors retained by us. You in turn agree that you will not bring any claim based on any cause of action in respect of or in any way connected with the Contract against anyone other than Crowe U.K. LLP.
- 2.3 Where we are liable to you, and in addition any other person is also liable to you, or any such person or you have caused or contributed to the same loss or damage for which we are liable, either in whole or in part, then our liability shall be limited to such amount as is just and equitable having regard to the extent to which each of us and/or such other person is liable for and/or has otherwise caused or contributed to such loss or damage. For the purposes of this clause, the liability for and/or cause or contribution of any such other person shall be determined by disregarding any limitation, exclusion or restriction of legal liability or any inability to pay or insolvency, even if it means that you cannot recover any compensation from such other person.
- 2.4 Any action (including any proceedings in a court of law) in connection with this Contract or the Services must be brought within 3 years of the date of the act or omission that is alleged to have given rise to the action.

3. Crowe Global and its member firms

- 3.1 Crowe U.K. LLP is a member of Crowe Global, a Swiss Verein. Each member firm of Crowe Global

is a separate and independent legal entity. There is no ownership, agency, partnership or control relationship amongst any of Crowe Global and its member firms. Crowe Global does not perform services and you agree that you will not bring a claim against it.

- 3.2 It is possible that we may retain another member firm of Crowe Global to act for us as a sub-contractor in providing the Services to you under this Contract. In that event, we accept that we owe you a duty of care to provide the Services for which we have retained that other member firm as a subcontractor, as set out in Clause 2.2, and you in turn agree that you will bring any claim against us and not against that other member firm, as set out in Clause 2.2.

- 3.3 If we have not retained another member firm as a sub-contractor, then you agree that any services that may be provided to you by another member firm are separate from the Services provided by us under this Contract. You will be responsible for entering into a separate contract of engagement with that other member firm, on such terms as you and that other member firm may agree. You agree that we shall not under any such circumstances be responsible or liable in any way whatsoever for any acts or omissions of Crowe Global or of any other member firms of Crowe Global.

4. Responsibility to third parties

- 4.1 We shall provide the Services for your exclusive use and for the purpose for which you engage us, and you agree that you will not disclose our advice or the product of our Services to anyone else without our specific written agreement.
- 4.2 We do not accept any responsibility to anyone other than you ("third party") for any aspect of our Services, whether because any work of ours is made available to the third party or for any other reason.
- 4.3 To the extent that the law imposes on us any responsibility to any third party even though we do not accept that, our liability to that third party shall be limited in accordance with the "Limitation of liability" section of the engagement letter. You therefore agree that you will share a single limit of liability as set out in those provisions in the event that we have a liability to you and to a third party.

5. Nature of our Services

- 5.1 You acknowledge that we will rely on information and documentation provided to us by you, your management, employees and third parties in the course of our work. We will not be responsible for the consequences of any deficiency in the information or documentation provided to us, whether as a result of it being false, misleading or incomplete. You agree to inform us if you are or become aware of anything inaccurate or misleading in respect of information or documentation provided to us.

- 5.2 Except as expressly agreed in the description of the Services in the engagement letter, our work will not

- 6 -

August 2022

be an audit as conducted in accordance with applicable auditing standards. Unless expressly agreed, we will not seek to verify the accuracy of the information provided to us in the course of carrying out our Services, and we will not seek to or be responsible for detecting fraud by you or by your management, employees or third parties. We shall satisfy ourselves that the information provided is consistent with other information provided to us, but we will otherwise generally accept the explanation and assurances we receive from the directors, officers and employees of the entity that is the subject of the Services under this Contract or other third parties in the course of our work.

- 5.3 It may be necessary or desirable to instruct other professional advisers or third party suppliers in connection with the Services, upon whom we may place reliance and/or in conjunction with whom we may carry out our work. You shall be responsible for the appointment of such other professional advisers or suppliers and for their fees and expenses. We shall have no liability for the non-delivery, non-performance or any acts, errors or omissions of such other advisers or suppliers (other than our express agents), regardless of any role that we may perform in relation to communications with such advisers or suppliers.

6. Fees

- 6.1 You agree to pay our fees within 30 days from the date of the invoice.
- 6.2 Payment of our fees from a bank based outside the UK must be made via transfer to our bankers and must quote our invoice details.
- 6.3 We will claim for relief for any fees falling within the scope of the VAT Regulations 1995 (SI 1995/2518).

7. Non-payment of fees

- 7.1 If you fail to pay our fees within 30 days from the date of the invoice we reserve the right:
- 7.1.1 to charge monthly interest on the unpaid amount at 5% over the Barclays Bank plc Base Rate in accordance with the Late Payment Legislation;
- 7.1.2 to suspend the Services and any other work which we are carrying out for you;
- 7.1.3 to take whatever legal remedy exists in order to obtain payment; and
- 7.1.4 to claim the cost of debt recovery.

8. Communicating with you

- 8.1 Please let us know if you have a preferred method of communication e.g. telephone or email or letter. Unless we hear from you, we will use whatever mode of communication appears appropriate in the circumstances.

- 8.2 All email messages sent to us will, if properly addressed, arrive on the terminal of the person to whom they are addressed. Please be aware of the following points:

- 8.2.1 the firm is connected to the internet, but the exchange of email messages may be subject to delays outside of our control;
- 8.2.2 the safe delivery of email via the internet should not be assumed;
- 8.2.3 the confidentiality of email cannot be guaranteed.

- 8.3 Please ask about our secure portal solutions. Unless you ask us, we shall not encrypt or promise to password-protect any email or attachment sent by us to you.

- 8.4 You and we shall not be responsible for each other's loss or damage arising from any corruption or alteration, or any unauthorised interception, redirection, copying or reading, of emails including any attachments.

- 8.5 You and we shall not be responsible for the effect on each other's hardware or software (or any loss or damage arising from any such effect) of any emails or attachment which may be transmitted by the other.

- 8.6 The recipient is responsible for carrying out a virus check on attachments.

9. Improving our service

- 9.1 If at any time you would like to discuss with us how we could improve our service to you or you are dissatisfied with the service you are receiving, please let us know by contacting the engagement partner or Peter Varley, the Managing Partner of this office. Alternatively the Chief Executive of the firm Nigel Bostock, Crowe U.K. LLP, Ludgate Hill, London, EC4M 7JW.

- 9.2 Should our service be less than satisfactory we will take all reasonable steps to correct the situation. We undertake to investigate any complaints carefully and promptly and to report our findings to you.

- 9.3 If you are still dissatisfied you may take the matter up directly with the Institute of Chartered Accountants in England and Wales at:

Professional Conduct Department
ICAEW
Level 1, Metropolitan House
321 Avebury Boulevard
Milton Keynes MK9 2FZ

10. Professional rules and practice guidelines

- 10.1 We will observe the bye-laws, regulations and ethical guidelines of the Institute of Chartered Accountants in England and Wales and accept instructions to act for you on the basis that we will act in accordance with them. The requirements are

- available on the internet at www.icaew.com/membershandbook.
- 10.2 We are eligible to conduct audits under the Companies Act 2006 and details about our audit registration can be viewed at www.auditregister.org.uk, under reference number C001095488.
- 10.3 Details of our professional indemnity insurer can be found on our internet web site (www.crowe.com/uk/croweuk) on the legal information page, in accordance with the disclosure requirements of the Services Regulations 2009.
- 10.4 Our Services for you shall not be exclusive, and you agree that this Contract shall not prevent or restrict us from carrying on our business. We reserve the right during our engagement with you to act for other clients who may be competitors of yours or in respect of whom issues of commercial conflict may arise, subject to the Confidentiality section below.
- 10.5 Where a specific legal or ethical conflict of interest, actual or potential, is identified, and we believe that implementing appropriate procedures can properly safeguard your interests, we will promptly notify you and discuss the position with you. Please note that there may be circumstances where we are unable to fully explain all of the aspects of the conflict because of obligations that we owe to other clients or third parties. It may also not be possible to put effective safeguards in place, or you may not be content with the situation, in which case it may be necessary for us to terminate the Contract. You also agree to inform us immediately if you should become aware of, or believe that there may be, a conflict affecting our provision of the Services.
- 10.6 Our files are periodically reviewed by an independent regulator or quality controller as part of our on-going commitment to providing a quality service. The reviewers are bound by the same rules of confidentiality as our partners and staff.
- 11. Confidentiality**
- 11.1 We confirm that where you give us confidential information we shall at all times keep it confidential, except as required by law or as provided for in regulatory, ethical or other professional statements relevant to our engagement or for the purpose of notifying insurers concerning any actual or potential dispute relating to the Services.
- 11.2 You agree that we will be complying sufficiently with our duty of confidence if we take steps that we in good faith think fit to keep appropriate information confidential during and after our engagement.
- 11.3 You agree to reimburse any reasonable costs that we may incur in complying with any requirement for disclosure of your information that is imposed on us in any proceedings or regulatory process that does not involve any substantive claim or proceeding against us, provided that we promptly notify you in writing of any such requirement (to the extent we are legally permitted to do so) and that we reasonably cooperate with you in any efforts to protect against such disclosure.
- 11.4 You agree to keep confidential any methodologies and technology used by us to carry out the Services.
- 12. Data Protection**
- 12.1 When acting for you, we are a data controller in respect of any personal data you provide to us or to which we have access. This is because accountants and similar providers of professional services work under a range of professional obligations which oblige them to take responsibility for the personal data they process. For example if we detect malpractice whilst performing our services we may, depending on its nature, be required under our regulatory obligations to report the malpractice to the police or other authorities. In doing so we would not be acting on your instructions but in accordance with our own professional obligations and therefore as a data controller in our own right.
- 12.2 Where we and you are deemed in accordance with the data protection laws to be joint data controllers, you shall be liable for the personal data you process and we shall only be liable for the personal data we process.
- 12.3 You confirm that you have the right to supply personal data to us and this will not breach applicable data protection laws. Where you are providing personal data to us about a third party, for example a family member, a partner, a director (including a non-executive director), and/or any other type of member, business associate or third party, you confirm that you have their authority and express permission to provide us with their personal data.
- 12.4 Neither of us will by our act or omission put the other in breach of the applicable data protection laws.
- 12.5 Where we and you are joint data controllers, you should provide all relevant information to data subjects relating to the processing of their personal data (including the processing carried out by us) and to the exercise of their rights in relation to the processing of their personal data as required by the data protection laws ("Fair Processing Notice") and you will be the contact point for the data subject.
- 12.6 To enable us to discharge the services agreed under our engagement, and for other related purposes including updating and enhancing client records, analysis for management purposes and statutory returns, crime prevention and legal and regulatory compliance, we may obtain, use, process and disclose personal data about you or your entity, its officers and employees, as applicable. We confirm when processing data on your behalf we will comply with the relevant provisions of the applicable data protection laws.
- 12.7 Where we act as a data processor in relation to your personal data, we will:
- 12.8 process personal data:

August 2022

- 8 -

- 12.8.1.1 for the purpose of performing our services and obligations to you; and
- 12.8.1.2 for such other purposes as may be instructed by or agreed with you or as otherwise notified in writing from time to time; and
- 12.8.1.3 in accordance with the applicable data protection laws;
- 12.8.2 implement appropriate technical and organisational measures to protect the personal data against unauthorised or unlawful processing and against accidental loss, destruction, damage, alteration or disclosure;
- 12.8.3 not otherwise modify, amend, remove or alter the contents of the personal data or subject to clause 12.1 above disclose or permit the disclosure of any of the personal data to any third party without your prior written authorisation;
- 12.8.4 adopt measures to maintain up to date records of our processing activities performed on your behalf which shall include the categories of processing activities performed, information on cross border data transfers and a general description of security measures implemented in respect of processed data;
- 12.8.5 unless otherwise required by data protection laws, or our own retention policy, we will return or delete all personal data upon the termination of our relationship with you;
- 12.8.6 adopt measures to ensure that only those personnel who need to have access to your personal data are granted access to it and that all of the personnel required to access your personal data are reliable and have been informed of its confidential nature;
- 12.8.7 not appoint a sub-processor without your prior written consent, not to be unreasonably withheld, and ensure an agreement is entered into with the relevant sub-contractor which includes terms which are substantially the same as the terms set out in this clause 12;
- 12.8.8 where we transfer your personal data to a country or territory outside the European Economic Area, to do so in accordance with data protection laws (including for the avoidance of doubt entering into standard form contracts);
- 12.8.9 notify you without undue delay if we receive: (i) a request from a data subject to access your personal data; or (ii) a complaint or request relating to the data protection laws;
- 12.8.10 assist you should you need to carry out a privacy impact assessment;
- 12.8.11 notify you in the event we become aware without undue delay of any breach of the data protection laws; and
- 12.8.12 permit without charge, on an annual basis, and / or where you become aware of a data breach or alleged breach of the data protection laws by us, reasonable access to the relevant records, files, tapes, computer systems, for the purposes of reviewing compliance with the data protection laws.
- 12.9 When acting for you in a personal capacity how we process your personal data is described in our privacy notice. This is available on our internet page. We will tell you if, in our opinion, your instructions may breach the applicable data protection laws.
- 12.10 Each of you and us shall indemnify and keep indemnified the other in full from and against all claims, proceedings, actions, damages, costs, fines, expenses and any other liabilities which may arise out of, or in consequence of, the indemnifying party's breach of the data protection laws or the performance or non-performance by its sub-processor(s) and personnel of its obligations in connection with this Contract in relation to the data protection laws, including loss of or damage to property, financial loss arising from any breach of the data protection laws or any other loss which is caused directly or indirectly by any act or omission arising from any breach of the data protection laws. Any amount payable by us under this clause shall form part of, and not be in addition to, the aggregate limit of liability.
- 13. Ownership and retention of documents**
- 13.1 All correspondence and papers in our possession or control and generated for our internal purposes (including our working papers) or addressed to us relating to the Services or the subject matter of the Services shall be our sole property.
- 13.2 We retain copyright and other intellectual property rights in everything produced by us before or during the Services.
- 13.3 We will keep correspondence and other papers and electronic data relating to the Contract, for such period as we may consider reasonable or that is required by law, and for at least eight years. After that time, we may destroy them without further reference to you.
- 14. Termination**
- 14.1 In relation to Services as Auditor under any statutory provisions, you or we may terminate the Contract only in accordance with the provisions of the relevant Act or regulation. In relation to any other Services, you or we may terminate the Contract at any time by giving not less than 30 days' notice in writing. We shall be entitled to payment for any work performed in relation to the Services by us prior to such termination.
- 15. Miscellaneous**
- 15.1 Neither of us may transfer nor assign this Contract, or any rights or obligations under it, without the prior written consent of the other party.

	<p>- 9 -</p> <p>August 2022</p>
15.2	Neither of us will be liable to the other for any delay or failure to fulfil obligations caused by circumstances outside our reasonable control.
15.3	This Contract replaces and supersedes any previous proposal, discussion, correspondence, representation or agreement between us in relation to the Services, and forms the whole agreement between us in relation to such Services.
15.4	Any variation to the Contract shall only be effective if it is agreed in writing between you and a member in Crowe U.K. LLP, and only if agreed by reference expressly to the specific term to be amended.
15.5	Upon the termination of this Contract, we shall be under no further obligation to perform any part of the Services. However, the provisions of many clauses of these Terms of Business will, by their nature, continue to apply notwithstanding termination.
15.6	Unless we both agree otherwise, these Terms of Business (as amended from time to time) will apply to any future instructions that you may give us.
15.7	If at any time any provision of these Terms of Business or any engagement letter is or becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction, then that shall apply to the minimum extent required and shall not affect or impair the legality, validity or enforceability in that jurisdiction of any other provision of these Terms of Business or any engagement letter.
16.	Applicable law and enforcement
16.1	Our Contract with you is governed by, and interpreted in accordance with the laws of England and Wales.
16.2	A person who is not a party to the Contract has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any of the terms of the Contract. This clause does not prejudice you in relation to any right or remedy that exists independently of the Act.
16.3	However, clause 16.2 does not apply to members, employees, agents, sub-contractors and others who have the benefit of the exclusion of liability in their favour under clauses 2.2 and 3. Accordingly, such persons may enforce that exclusion in their favour under the Contracts (Rights of Third Parties) Act 1999.
16.4	The Courts of England and Wales shall have exclusive jurisdiction in relation to any claim, dispute or difference concerning this Contract and any matter arising from them. Each party irrevocably waives any right it may have to object to any action being brought in those Courts, to claim that the action has been brought in an inconvenient forum, or to claim that those Courts do not have jurisdiction.
