

Keep track of your pensions from one pot

1 in 5 people have lost a pension.* We change jobs, move house – details are easily misplaced – and pensions can be forgotten.

But at The People's Pension, we can make it easy for you to keep track of your money with us:

- **Transfer your pensions** – we won't charge you to transfer your other pensions to us. You'll be able to see your pension savings in one place and you could end up paying less in charges too.

- **Manage your pension** – your Online Account helps to keep everything in one place. You can also use it to change how your money is invested and tell us who you'd like us to consider paying your money to if you die before you take it.
